ALHAMBRA, CALIFORNIA 91802-1460

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

23 February 10, 2015

PATRICK O'QUINN
ACTING EXECUTIVE OFFICER

February 10, 2015

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**REVIEW OF FUND ACCOUNTINGS AND STATUS OF UNEXPENDED FUNDS FOR
BRIDGE AND MAJOR THOROUGHFARE CONSTRUCTION FEE DISTRICTS,
THE ANTELOPE VALLEY DRAINAGE AREA, AND
AD HOC DEVELOPMENT FEES FOR ROAD IMPROVEMENTS
AND TRAFFIC SIGNALS
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

This action is to review the fund accountings for the Bridge and Major Thoroughfare Construction Fee Districts, the Antelope Valley Drainage Area, and various Ad Hoc Development Fees for road improvements and traffic signals and to make the findings required by California Government Code Section 66001(d)(1) with respect to these funds.

IT IS RECOMMENDED THAT THE BOARD:

1. Review the fund accountings for the Bridge and Major Thoroughfare Construction Fee Districts, the Antelope Valley Drainage Area, and the Ad Hoc Development Fees for road improvements and traffic signals as required by Section 66006(b) of the California Government Code.
2. Adopt resolutions making the findings specified in California Government Code Section 66001(d)(1) with respect to the Bridge and Major Thoroughfare Construction Fee District funds, the Antelope Valley Drainage Area Fund, and certain Ad Hoc Development Fee funds for road improvements and traffic signals.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The County of Los Angeles imposes fees on developers to defray the costs of public improvements necessary to serve the development and/or mitigate the impacts from the proposed development. These fees are deposited and maintained in separate funds and may only be expended for the specific public improvement for which they were collected.

The purpose of the recommended action is to review the status of the various Bridge and Major Thoroughfare (B&T) Construction Fee District (District) funds, the Antelope Valley Drainage Area Fund, and the funds for various Ad Hoc Development fees, as required by California Government Code Section 66006(b)(1); and to make certain findings, as required by Government Code Section 66001(d)(1), regarding the unexpended portions of those funds as appropriate.

Enclosure 1 describes the general account information for each fund for Fiscal Year 2013-14, as specified in California Government Code Section 66006(b)(1), including the beginning and ending balance and revenues and expenditures.

The enclosed resolutions contain the findings specified in California Government Code Section 66001(d)(1) with respect to the funds for which the findings are justified.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness/Fiscal Sustainability (Goal 1). Developer fees provide sufficient funds to continue constructing County roads, bridges, and drainage improvements in an effective manner and provide traffic mitigation and flood protection that improves the quality of life for residents of the County.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund and no change to any of the applicable fees is proposed at this time.

Pursuant to Section 66006(a) of the California Government Code, the County has created a separate fund for each B&T District, the Antelope Valley Drainage Area, and various Ad Hoc Development Fees. There will be no County budgeting adjustments required to finance the proposed flood, highway, and bridge improvements.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The County imposes fees on developers in connection with the County's approval of specific development projects to defray the costs of public improvements necessary to serve the occupants of those projects and/or mitigate the traffic, drainage, and other impacts resulting from those projects.

B&T Construction Fee Districts

Pursuant to Section 66484 of the California Government Code and Section 21.32.200 of the Los Angeles County Code, the County established the Bouquet Canyon, Route 126, Lyons Avenue/McBean Parkway, Castaic, Westside, and Valencia B&T Districts in the Santa Clarita Valley and the Lost Hills Road/Las Virgenes Road B&T District in the Calabasas area. The B&T Districts levy fees on new developments to defray the cost to construct highway and bridge improvements.

The particular highway and bridge improvements within each B&T District are described in a B&T District report, which was prepared for each District and previously filed with the Board of Supervisors concurrently with the establishment or update of each District.

The Department of Public Works has conducted a review of each of these B&T Districts to determine the status of the improvements and development within the District. The results of Public Works' review of each of the B&T Districts are summarized in Enclosures 2A-2G.

Public Works' review also included a determination as to whether or not any circumstances have changed since the most recent B&T District Report that would warrant deleting any of the planned (but not yet constructed) improvements from any of the Districts. Public Works has determined that no such deletions are warranted and that each of the planned (but not yet constructed) improvements within each of the B&T Districts are still necessary for the purposes described in the most recent B&T District Report.

The Antelope Valley Drainage Area

Pursuant to California Government Code Section 66483 and Section 21.32.400 of the Los Angeles County Code, the Board adopted and established the Antelope Valley Drainage Area (AVDA). New developments within the boundaries of the AVDA are levied a fee to defray the costs of drainage improvements needed in the Antelope Valley. The particular drainage improvements within the AVDA are described in the Final Report on the Antelope Valley Comprehensive Plan of Flood Control and Water Conservation (AV Report), dated June 1987 and adopted by the Board on June 23, 1987. The AVDA was amended in October 2006 as described in the Amendment to Antelope Valley Final Report on the Comprehensive Plan of Flood Control and Water Conservation (AV Amendment).

Public Works has conducted a review of the AVDA to determine the status of the improvements and development within the AVDA. The results of Public Works' review are summarized in Enclosure 3.

Public Works' review also included a determination as to whether or not any circumstances have changed since the AV Amendment that would warrant deleting any of the planned (but not yet constructed) improvements from the AV Report. Public Works has determined that no such deletions are warranted and that each of the planned (but not yet constructed) improvements identified in the AV Report are still necessary for the purposes described in the AV Report and AV Amendment.

Ad Hoc Road Improvements and Traffic Signals

The County also imposes fees on specific development projects, on an Ad Hoc basis, to defray the costs of roadway improvements and traffic signal improvements that are not included in a B&T District. The particular improvements for which Ad Hoc fees have been collected are described in the enclosed Ad Hoc Development Fees-Road Improvements and Ad Hoc Development Fees-Traffic Signals Resolutions.

Public Works has conducted a review of the various Ad Hoc fees to determine the status of the improvements and the surrounding developments. The results of Public Works' review are summarized on the attachments in the enclosed Resolutions.

Public Works' review also included the determination of whether or not any circumstances have changed since the imposition of the various fees that would warrant cancelling any of the planned (but not yet constructed) improvements.

Public Works has determined that the Ad Hoc improvements identified on Attachment A in the enclosed Ad Hoc Development Fees-Road Improvements and Ad Hoc Development Fees-Traffic Signals Resolutions have not been completed and are still necessary to mitigate the traffic and other related impacts resulting from the projects on which the fees were imposed.

Mitigation Fee Act Reporting

Pursuant to California Government Code Section 66006(a), the fees described above must be deposited in a separate capital facilities account or fund in a manner to avoid any commingling of the fees with other revenues and funds of the local agency.

Pursuant to California Government Code Section 66006(b)(1), the County is required to make certain information available to the public for each of these accounts or funds on an annual basis. In compliance with this requirement, the information contained in Enclosure 1 has been posted on Public Works' website at <http://dpw.lacounty.gov/ldd/lib/fp/General/2013-14%20Draft%20Ad%20Hoc.pdf> and also has been available at Public Works' Headquarters for inspection since December 11, 2014.

Pursuant to Section 66006(b)(2) of the California Government Code, the Board must review this information at a public meeting not sooner than 15 days after the information is made available to the public. In addition, notice of the time and place of the meeting, including the address where this information may be reviewed, shall be mailed, at least 15 days prior to the meeting, to any interested party who files a written request with the local agency for mailed notice of the meeting; however, no such written request has been filed.

Additionally, California Government Code Section 66001(d)(1) provides that a local agency must make the following findings with respect to the unexpended portion of each fund for the 5th fiscal year following the initial deposit into each such fund and every 5 years thereafter:

- (A) Identification of the purpose to which the fee is to be put.
- (B) Demonstration of a reasonable relationship between the fee and the purpose for which it is charged.
- (C) Identification of all sources and amounts of funding anticipated to complete financing on incomplete improvements.
- (D) Designation of the approximate dates on which the funding referred to above is expected to be deposited into the appropriate account or fund.

If these findings cannot be made as to the unexpended portion of any given fund, Section 66001(d)(2) requires the local agency to refund the moneys in the fund, and any accrued interest, to the then current record owner or owners of the lots or units, as identified on the last equalized assessment roll, of the development project or projects on a prorated basis.

Public Works has determined that the required findings are appropriate with respect to the funds described in the enclosed resolutions for the reasons described above.

ENVIRONMENTAL DOCUMENTATION

The recommended actions are not a project pursuant to the California Environmental Quality Act (CEQA) because they constitute activities that are excluded from the definition of a project by Section 15378 (b) of the CEQA guidelines. The recommended actions are statutorily required fiscal activities that do not involve any commitment to a specific project, which may result in a potentially significant physical impact on the environment.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no adverse impact on current services or projects since this is a routine annual reporting to provide the accounting information for the subject funds to the public.

CONCLUSION

Please return one adopted copy of this letter and one copy of the fund accounting information to the Department of Public Works, Land Development Division.

Respectfully submitted,

A handwritten signature in cursive script that reads "Gail Farber".

I-CCR-2	Chiquito Canyon Road and future Homestead Village Entrance	New 4-way intersection
I-PVR-1	Potrero Valley Road and Future Potrero Valley Entrance	New 4-way intersection
I-HMD-1	Henry Mayo Drive and future roadway	New 4-way intersection
I-HMD-2	Henry Mayo Drive at Commerce Center Drive	Modify 3-way intersection to 4-way
SR-126		
SR-1	SR-126 and County line	Construct an eastbound right-turn lane and intersection approaches to the south
SR-1A	SR-126 and County line	Construct a westbound right-turn lane and intersection approaches to the north
SR-2	SR-126 and Long Canyon/Chiquito Canyon Road	Construct a 4-way intersection. Widen median to allow double left turns.
SR-3	SR-126 and Wolcott Way	Construct south side of intersection
SR-5	SR-126 and Wolcott Way	Construct north side of intersection. Widen median to allow double left-turns.
SR-6	SR-126 and future Homestead Entrance	Construct new 3-way intersection
SR-7	SR-126 and San Martinez Grande Canyon Road	Construct new 3-way intersection

INTERCHANGE IMPROVEMENTS

In addition to the improvements listed in Table 2 above, the following I-5 interchange improvements are proposed to be included in the District:

Valencia Boulevard/ I-5 Interchange (southbound ramps)–Interchange No. 11

Convert second westbound right-turn lane to a shared westbound through/westbound right-turn lane (improvement requires striping only).

Hasley Canyon Road / I-5–Interchange No. 3

At Hasley Canyon Road/I-5, the existing diamond interchange has been converted to a modern roundabout interchange. Roundabouts have been designed at the I-5 southbound and northbound ramps to provide adequate intersection capacity for future traffic. A westerly roundabout provides traffic circulation for the southbound on- and off-ramps, The Old Road, and Hasley Canyon Road. The easterly roundabout provides traffic circulation for the northbound ramps and Hasley Canyon Road. The I-5 Castaic Creek bridge was widened and seismically retrofitted. Second southbound hook ramps and a signal were added at Sedona Way. (Completed, but credit has not yet been issued.)

Magic Mountain Parkway Phase 2 Interchange–Interchange No. 8

The Interstate 5/Magic Mountain Parkway Phase 2 project includes the reconstruction of the four northbound and southbound ramps and the relocation of the Old Road approximately 180 feet to the west. It includes the widening of the Old Road to its ultimate width from the Edison easement on the south to Feedmill Road to the north, transitioning back to the existing bridge over the Santa Clara River. It includes the widening of Magic Mountain Parkway from Tourney Road, under the new freeway overpass, and transitions back to existing roadway westerly of The Old Road intersection. As part of this project, the Chevron station will be relocated to the new site that has been graded behind the existing station.

Long Canyon Road/Chiquito Canyon Road / SR-126 (UGS)–Interchange No. 20

This "urban grade separation" is a tight diamond grade-separated interchange with Long Canyon Road/Chiquito Canyon Road going underneath a 6-lane SR126 overpass. The eastbound on- and off-ramps and the westbound on-ramps are two lanes each. The westbound off-ramp is three lanes, one right turn and two left turns. Right of way in Landmark Village has been set aside to accommodate this improvement.

Commerce Center Drive/SR-126–Interchange No. 4

The Commerce Center/SR-126 interchange proposes a full-movement, grade-separated interchange at the existing SR-126/Commerce Center Drive intersection. This improvement also proposes the widening of SR-126 3,412 feet east of the intersection with Commerce Center Drive to 2,789 feet west of the intersection. As part of the proposed improvements, Henry Mayo Drive will be realigned to the south to create a signalized intersection with Commerce Center Drive. The Travel Village entrance will be relocated and signalized as part of the proposed improvements.

SUMMARY OF COST ESTIMATES FOR DISTRICT IMPROVEMENTS

TOTAL	\$525,574,475

Total of All Improvements: \$524,391,126

Amount of Fees Collected as of June 30, 2013	\$294,350
No. of Factored Development Units Developed as of June 30, 2013	13
Remaining No. of Factored Development Units in B&T District	21,994
Estimated Revenue from Remaining Factored Development Units	\$482,548,360

Estimate of When Remaining Factored Development Units Will Be Developed:

Based on historical growth rates in the Santa Clarita Valley, it is estimated that all the parcels subject to the fee will be developed within the next 20 to 30 years.

*Amount remaining to pay developer. Pending review, a total of \$30,838,000 of credit is still owed to the developer. This District is responsible for 60 percent of credit owed (\$18,502,800) to the developer. The Castaic B&T District is responsible for 40 percent of credit owed (\$12,335,200) to the developer.

ENCLOSURE 3

ANTELOPE VALLEY DRAINAGE AREA

ANTELOPE VALLEY DRAINAGE AREA IMPROVEMENTS COMPLETED AS OF JUNE 30, 2014	
All of the improvements identified in the Antelope Valley Comprehensive Plan of Flood Control and Water Conservation, dated June 1987, to be located within the unincorporated territory of the County of Los Angeles, remained incomplete as of June 30, 2014.	

Amount of Fees Collected as of June 30, 2014	\$1,580,832.84
No. of Development Fee Units Developed as of June 30, 2014	790
Remaining No. of Development Fee Units in Drainage Area	83,578
Estimated Revenue from Remaining Development Fee Units	\$555,125,076

Estimate of When Remaining Development Fee Units Will Be Developed:
Based on historical growth rates in the Antelope Valley, it is estimated that all the parcels subject to the fee will be developed within the next 75 to 100 years.

RESOLUTIONS

**RESOLUTION OF THE BOARD OF SUPERVISORS FOR THE COUNTY OF
LOS ANGELES TO MAKE CERTAIN FINDINGS, PURSUANT TO CALIFORNIA
GOVERNMENT CODE SECTION 66001, FOR FISCAL YEAR 2013-14**

**BOUQUET CANYON
BRIDGE AND MAJOR THOROUGHFARE CONSTRUCTION FEE DISTRICT**

WHEREAS, the County of Los Angeles (COUNTY) has established the Bouquet Canyon Bridge and Major Thoroughfare Construction Fee District (DISTRICT), as described in the Bouquet Canyon Bridge and Major Thoroughfare Construction Fee District Report (DISTRICT REPORT) dated May 2002 and filed with the COUNTY Board of Supervisors (BOARD) on June, 25, 2002; and

WHEREAS, DISTRICT REPORT describes various bridge and roadway improvements (PLANNED IMPROVEMENTS) that your BOARD previously determined were necessary to mitigate the traffic and other related impacts anticipated to be caused by future development in the DISTRICT; and

WHEREAS, COUNTY has imposed fees (FEES) in connection with the COUNTY'S approval of development projects located within the DISTRICT, pursuant to Section 21.32.200 of the Los Angeles County Code, to defray the costs of constructing the PLANNED IMPROVEMENTS; and

WHEREAS, a number of the PLANNED IMPROVEMENTS remained incomplete as of June 30, 2013; and

WHEREAS, the Department of Public Works maintains a separate fund (FUND) for the FEES collected; and

WHEREAS, COUNTY is required to make certain findings every five (5) years with respect to the unexpended balance of the FUND, pursuant to California Government Code Section 66001(d)(1).

NOW, THEREFORE, your BOARD hereby finds, determines, and resolves as follows:

1. The unexpended FEES remaining in the FUND are to be used for the purpose of financing the construction (including design, right-of-way acquisition, and contract administration) of the PLANNED IMPROVEMENTS that remain incomplete or to reimburse public or private entities for the costs incurred by those entities for the construction of those improvements.
2. A reasonable relationship exists between the unexpended FEES remaining in the FUND and the purpose for which those FEES were charged. The PLANNED IMPROVEMENTS that have not yet been constructed are still necessary to mitigate the traffic and other related impacts caused by the development projects on which the FEES were imposed, and the FEES remaining in the FUND are necessary to finance the future construction of those improvements.

**RESOLUTION OF THE BOARD OF SUPERVISORS FOR THE COUNTY OF
LOS ANGELES TO MAKE CERTAIN FINDINGS, PURSUANT TO CALIFORNIA
GOVERNMENT CODE SECTION 66001, FOR FISCAL YEAR 2013-14**

**LYONS AVENUE-McBEAN PARKWAY
BRIDGE AND MAJOR THOROUGHFARE CONSTRUCTION FEE DISTRICT**

WHEREAS, the County of Los Angeles (COUNTY) has established the Lyons Avenue-McBean Parkway (DISTRICT) as described in the Lyons Avenue-McBean Parkway Bridge and Major Thoroughfare Construction Fee District Report (DISTRICT REPORT) dated April 30, 1998, and filed with the COUNTY Board of Supervisors (BOARD) on May 12, 1998; and

WHEREAS, DISTRICT REPORT describes various bridge and roadway improvements (PLANNED IMPROVEMENTS) that your BOARD previously determined were necessary to mitigate the traffic and other related impacts anticipated to be caused by future development in the DISTRICT; and

WHEREAS, COUNTY has imposed fees (FEES) in connection with the COUNTY'S approval of development projects located within the DISTRICT, pursuant to Section 21.32.200 of the Los Angeles County Code, to defray the costs of constructing the PLANNED IMPROVEMENTS; and

WHEREAS, certain of the PLANNED IMPROVEMENTS have been constructed with funds advanced by private entities on the condition that the funds be reimbursed by the DISTRICT; and

WHEREAS, the Department of Public Works maintains a separate fund (FUND) for the FEES collected; and

WHEREAS, COUNTY is required to make certain findings every five (5) years with respect to the unexpended balance of the FUND, pursuant to California Government Code Section 66001(d)(1).

NOW, THEREFORE, your BOARD hereby finds, determines, and resolves as follows:

1. The unexpended FEES remaining in the FUND are to be used for the purpose of reimbursing public and private entities for sums advanced by those entities to pay the costs of constructing the PLANNED IMPROVEMENTS.
2. A reasonable relationship exists between the unexpended FEES remaining in the FUND and the purpose for which those FEES were charged. The PLANNED IMPROVEMENTS are necessary to mitigate the traffic and other related impacts

caused by the development projects on which the FEES were imposed. Further, the PLANNED IMPROVEMENTS have been completed, in part, with funds advanced by public and private entities, and the FEES remaining in the FUND are needed to reimburse the appropriate entities for the sums so advanced.

3. The sources and amounts of funding anticipated to complete financing of the PLANNED IMPROVEMENTS are described in the DISTRICT REPORT. Of the 1,837 total factored development units identified in the DISTRICT REPORT, 1,202 of these units remain undeveloped, representing \$3,245,400 of fee revenues that the COUNTY still expects to be collected in connection with future development projects.
4. The funding referred to above is expected to be deposited into the FUND within the next 20 to 30 years as development of the parcels subject to the FEES occurs.

GOVERNMENT CODE SECTION 66001, FOR FISCAL YEAR 2013-14**

ANTELOPE VALLEY DRAINAGE AREA

WHEREAS, the County of Los Angeles (COUNTY) has established the Antelope Valley Drainage Area as described in the Antelope Valley Comprehensive Plan of Flood Control and Water Conservation dated June 1987 and the amendment to the Final Report on the Antelope Valley Comprehensive Plan of Flood Control and Water Conservation approved in October 2006 (hereinafter collectively referred to as DRAINAGE PLAN); and

WHEREAS, DRAINAGE PLAN describes various drainage improvements (PLANNED IMPROVEMENTS) that the COUNTY Board of Supervisors (BOARD) previously determined were necessary to provide flood protection to new subdivisions and other new development within the Antelope Valley Drainage Area and/or to mitigate the drainage impacts anticipated to be caused by said development; and

WHEREAS, COUNTY has imposed fees (FEES) in connection with the COUNTY'S approval of development projects located within the Antelope Valley Drainage Area, pursuant to Section 21.32.400 of the Los Angeles County Code, to defray the costs of constructing the PLANNED IMPROVEMENTS; and

WHEREAS, a number of the PLANNED IMPROVEMENTS remained incomplete as of June 30, 2012; and

WHEREAS, the Department of Public Works maintains a separate fund (FUND) for the FEES collected; and

WHEREAS, COUNTY is required to make certain findings every five (5) years with respect to the unexpended balance of the FUND, pursuant to California Government Code Section 66001(d)(1).

NOW, THEREFORE, your BOARD hereby finds, determines, and resolves as follows:

1. The unexpended FEES remaining in the FUND are to be used for the purpose of financing the design and/or construction of the PLANNED IMPROVEMENTS that remain incomplete or to reimburse public or private entities for the costs incurred by those entities for the design or construction of those improvements.
2. A reasonable relationship exists between the unexpended FEES remaining in the FUND and the purpose for which those fees were charged. The PLANNED IMPROVEMENTS that have not yet been constructed are still necessary to provide flood protection to, and/or mitigate drainage impacts caused by, the development projects on which the FEES were imposed, and the FEES remaining in the FUND are necessary to finance the future design and construction of these improvements.

SECTION 66001, FOR FISCAL YEAR 2013-14**

AD HOC DEVELOPMENT FEES—ROAD IMPROVEMENTS

WHEREAS, the County of Los Angeles (COUNTY) has imposed Ad Hoc Development Fees (FEES) in connection with the COUNTY'S approval of specific development projects, on an Ad Hoc basis, to defray the costs of public roadway improvements necessary to mitigate the traffic and other impacts resulting from those specific projects; and

WHEREAS, the Department of Public Works (PUBLIC WORKS) maintains a separate Ad Hoc Fund (FUND) for each road improvement project for which a FEE has been collected as identified in Attachment A; and

WHEREAS, COUNTY is required to make certain findings every five (5) years with respect to the unexpended balance of each FUND, pursuant to California Government Code Section 66001(d)(1).

NOW, THEREFORE, the COUNTY Board of Supervisors hereby finds, determines, and resolves as follows:

1. FEES remaining in each of the FUNDS identified in Attachment A are to be used for the purpose of financing the public improvements described therein.
2. A reasonable relationship exists between the FEES remaining in each of the FUNDS identified in Attachment A and the purposes for which those fees were charged. Each of the public improvements described in Attachment A is still necessary to mitigate the traffic and other impacts caused by the development project on which the fee was charged. Further, each of these public improvements remains incomplete and the FEES remaining in each of the FUNDS are necessary to finance the future completion of these improvements.
3. The sources and amounts of funding anticipated to complete financing of each of the improvements described in Attachment A are also described in Attachment A.
4. The approximate dates on which the funding referred to in paragraph No. 3, above, is expected to be deposited into the appropriate fund are indicated in Attachment A.
5. FEES for which the above findings cannot be made and which PUBLIC WORKS identified as no longer necessary for the improvements for which they were deposited are indicated in Attachment B and must be refunded to the appropriate parties as required by California Government Code Section 66001(e).

6. The Board authorizes PUBLIC WORKS to refund said fees by direct payment to the appropriate parties as required by said section 66001(e).

AD HOC DEVELOPMENT FEES-TRAFFIC SIGNALS

WHEREAS, the County of Los Angeles (COUNTY) has imposed Ad Hoc Development Fees (FEES) in connection with the COUNTY'S approval of specific development projects, on an Ad Hoc basis, to defray the costs of traffic signal improvements necessary to mitigate the traffic and other impacts resulting from those specific projects; and

WHEREAS, the Department of Public Works maintains a separate Ad Hoc Fund (FUND) for each intersection for which a fee has been collected as identified in Attachment A; and

WHEREAS, COUNTY is required to make certain findings every five (5) years with respect to the unexpended balance of each FUND, pursuant to California Government Code Section 66001(d)(1).

NOW, THEREFORE, the COUNTY Board of Supervisors hereby finds, determines, and resolves as follows:

1. FEES remaining in each of the FUNDS identified in Attachment A are to be used for the purpose of financing traffic signal improvements for the intersections described therein.
2. A reasonable relationship exists between FEES remaining in each of the FUNDS identified in Attachment A and the purposes for which those fees were charged. The traffic signal improvements for each of the intersections identified in Attachment A are still necessary to mitigate the traffic and other impacts caused by the development project on which a fee was charged. Further, the traffic signal improvements for each of these intersections remain incomplete and the fees remaining in each of the FUNDS are necessary to finance the future completion of these improvements.
3. The sources and amounts of funding anticipated to complete financing of the traffic signal improvements for each of the intersections described in Attachment A are also described in Attachment A.
4. The approximate dates on which the funding referred to in paragraph No. 3, above, is expected to be deposited into the appropriate fund are indicated in Attachment A.

**RESOLUTION OF THE BOARD OF SUPERVISORS FOR THE COUNTY OF
LOS ANGELES TO MAKE CERTAIN FINDINGS, PURSUANT TO CALIFORNIA
GOVERNMENT CODE SECTION 66001, FOR FISCAL YEAR 2013-14**

AD HOC DEVELOPMENT FEES—TRAFFIC SIGNALS

WHEREAS, the County of Los Angeles (COUNTY) has imposed Ad Hoc Development Fees (FEES) in connection with the COUNTY'S approval of specific development projects, on an Ad Hoc basis, to defray the costs of traffic signal improvements necessary to mitigate the traffic and other impacts resulting from those specific projects; and

WHEREAS, the Department of Public Works maintains a separate Ad Hoc Fund (FUND) for each intersection for which a fee has been collected as identified in Attachment A; and

WHEREAS, COUNTY is required to make certain findings every five (5) years with respect to the unexpended balance of each FUND, pursuant to California Government Code Section 66001(d)(1).

NOW, THEREFORE, the COUNTY Board of Supervisors hereby finds, determines, and resolves as follows:

1. FEES remaining in each of the FUNDS identified in Attachment A are to be used for the purpose of financing traffic signal improvements for the intersections described therein.
2. FEES remaining in each of the AD Hoc Funds identified in Attachment B are to be used for the purpose of reimbursing the COUNTY'S Road Fund or private developers (through Bridge and Major Thoroughfare Construction Fee District Fund) for sums advanced by the COUNTY or private developer to pay the costs of constructing the improvement for which the fee was charged.
3. A reasonable relationship exists between FEES remaining in each of the FUNDS identified in Attachment A and the purposes for which those fees were charged. The traffic signal improvements for each of the intersections identified in Attachment A are still necessary to mitigate the traffic and other impacts caused by the development project on which a fee was charged. Further, the traffic signal improvements for each of these intersections remain incomplete and the fees remaining in each of the FUNDS are necessary to finance the future completion of these improvements.
4. A reasonable relationship exists between the FEES remaining in each of the FUNDS identified in Attachment B and the purposes for which those fees were charged. Each of the public improvements identified in Attachment B are necessary to mitigate the traffic and other impacts caused by the development project on which the fee was imposed. Further, each of these public improvements have been completed with funds advanced by the COUNTY'S Road Fund or a private entity, as

part of a Bridge and Major Thoroughfare Construction Fee District, and the fees remaining in each of the FUNDS identified in Attachment B are necessary to reimburse the COUNTY'S Road Fund or a private entity (through a Bridge and Major Thoroughfare Construction Fee District Fund) for the sums advanced to pay the cost of constructing those improvements.

5. The sources and amounts of funding anticipated to complete financing of the traffic signal improvements for each of the intersections described in Attachment A are also described in Attachment A.
6. The approximate dates on which the funding referred to in paragraph No. 3, above, is expected to be deposited into the appropriate fund are indicated in Attachment A.
